ABOUT

With nine years of experience as a gymnastics instructor, **I've honed skills that seamlessly translate into software development**. Like coaching gymnastics, software development demands effective **communication, patience, and adaptability**. **Just as I guided athletes to achieve their goals,** I'm driven to collaborate with teams to deliver innovative solutions. Transitioning into full-stack development, I bring a **passion** for **learning** and **growth**, **eager to immerse myself in technology's dynamic landscape** and make a meaningful impact.
